

SUNDAY B. PUTERA MANDIRI

0823-4839-7894 | sundaybontong@gmail.com | [linkedin.com/in/sundaybpm](https://www.linkedin.com/in/sundaybpm) | sunday-porto.my.id

Bandung, Indonesia

I am an Information Systems student and a certified Associate Data Scientist by BNSP, with experience in web development, operations, and data analytics. Through internships at PT Metrocom Global Solusi and Techbros, I developed skills in SQL, machine learning, and data-driven solutions. I aim to leverage my expertise in designing data systems and providing actionable insights for business decisions.

EDUCATION

Telkom University - Bandung, Indonesia <i>Undergraduate in Information System, 3.58 / 4.00</i>	2021-2025
--	-----------

WORKING EXPERIENCE

Sinarmas Land - Tangerang, Indonesia <i>Business Intelligence Intern</i> <ul style="list-style-type: none">Collected and analyzed property market data from various external sources to support research and strategic business decision-making.	May 2025 - Jul 2025
PT. Metrocom Global Solusi - South Jakarta, Indonesia <i>DevOps Intern</i> <ul style="list-style-type: none">Developed a Human Resources Management (HRM) web application.Create and Implemented CI/CD pipelines to ensure seamless development, testing, and deployment processes.Collaborated with development and operations teams to ensure the application ran smoothly and met business needs.Assisted the data migration team by conducting detailed Data Reconciliation and Validation tasks to ensure accuracy of migrated data across multiple systems	Jul 2024 - Dec 2024
Techbros - Bandung, Indonesia <i>Artificial Intelligence Engineer Intern</i> <ul style="list-style-type: none">Contributed to the development of AI models for real-time animal classification using YOLOv8 and for predicting distance and size with Random Forest and XGBoost (70%-90% accuracy).Participated in data collection, annotation, and preprocessing to ensure high-quality inputs.Assisted in deploying and testing the AI system in real-world environments.	Aug 2023 - Dec 2023

PROJECTS

Dashboard Analysis of Sales Trends and Performance <ul style="list-style-type: none">For my Data Science Bootcamp project. I implemented Data Cleaning, Exploratory Data Analysis and created dashboard using Looker Studio to provide insight into sales trends and performance in 2019.Link to the project
Telco Customers Churn Prediction <ul style="list-style-type: none">This personal project is part of an assignment to obtain the Associate Data Science Certification from BNSP. In this project, I aimed to analyze data and develop a model capable of predicting whether a customer will churn or not.Link to the project
Image Classification using Deep Learning <ul style="list-style-type: none">For my Machine Learning Bootcamp final project from Dicoding and DBS Foundation Coding Camp. I created a model that can classify rock paper scissors games using images.Link to the project

ORGANIZATIONAL EXPERIENCE

Enterprise Data Engineering Laboratory - Bandung, Indonesia <i>Member</i> <ul style="list-style-type: none">Learning about Exploratory Data Analysis (EDA).Learning about machine learning algorithms.Create model that can predict sentymen analsys about covid	2023 - 2024
DASPRO Laboratory - Bandung, Indonesia <i>Practicum Assistant</i> <ul style="list-style-type: none">Creating a learning module on basic statistics using NumPy.Instructing participants on algorithms and programming using Python.	2023 - 2023

SKILL

<ul style="list-style-type: none">Programming : Python, PHP, JavaScript, Java, CSSSQL & RDBMS : MySQL, PostgreSQL, SQLiteBI Tools : Tableau, Power BI, Looker Studio, SAP Analytic CloudLanguage : English & IndonesiaOthers : Web Dev & Operation, Data Technologies & Analytics, Microsoft Excel

CERTIFICATIONS

Language Center Telkom University:

- EPrT(480/677) - (2024-2027)

Badan Nasional Sertifikasi Profesi (BNSP):

- Associate Data Scientist - (2024-2027)

Coursera :

- Python and Statistics for Financial Analysis - Hong Kong University of Science and Technology, 2024
- Introduction to Data Engineering - IBM, 2024
- Python for Data Science, AI & Development - IBM, 2024

Asean Foundation X SAP :

- SAP Analytics Cloud and SAP Build Apps Online Training Session - (2024)

MySkill :

- Bootcamp Data Science (2022)

Dicoding :

- Machine Learning For Beginner - (2024-2027)
- Dasar Data Science - (2023-2026)
- Dasar Structured Query Language (SQL) - (2023-2026)

Digital Talent Scholarship - Kominfo :

- Java Fundamentals & Java Programming - (2022)

DQLab :

- Python for Data Professional Beginner (2022)
- Exploratory Data Analysis with Python for Beginner (2022)
- Data Manipulation with Pandas (2022)
- Data Visualization with Matplotlib for Beginner (2022)
- Fundamental SQL (2022)
